

WILDLIFE APPRAISAL PRACTICES FOR PROPERTY TAX PROFESSIONALS

REGISTER NOW

FALL 2018 LOCATIONS

September 18th - Welder Wildlife Foundation, Sinton, TX

September 19th - McKinney Roughs Nature Park, Bastrop, TX

October 18th - Gus Engeling Wildlife Management Area, Anderson Co.

October 30th - Muse Wildlife Management Area, May, TX, Brown Co.

The Agenda Includes:

- Value of Open Space and Legislative Intent of Proposition 11
 - Overview of Wildlife Management Plans
 - In-The-Field Learning

The V.G. Young Institute of County Government, Texas A&M AgriLife Extension Service welcomes you to attend the Wildlife Appraisal Practices for Property Tax Professionals seminar. Texas A&M AgriLife Extension Service, Texas Parks and Wildlife Department, USDA-NRCS, Texas Comptroller of Public Accounts, and wildlife management area staff will provide in-depth training and resources relating to agricultural tax appraisal based on wildlife management.

Through classroom instruction and in the field learning, attendees will increase their knowledge related to wildlife management plans and practices and gain a deeper understanding of what these practices look like in the field. Each conference attendee will be provided a resource notebook and proceedings.

LIMITED TO THE FIRST 50 REGISTRANTS PER SESSION
